

Construction Consulting

De-Zine International Consulting Ltd. specializes in the planning, design and construction of commercial, retail, medical, dental and food service units across Canada.

Our experienced project and construction management division approach each project with the same professionalism, keeping design integrity, value engineering and cost control at the forefront.

Through continued inspections, project tracking and delivery, managers protect your interests from start to finish.

FROM THE GROUND UP AND EVERYTHING IN BETWEEN

Working with your specific general contracting requirements you will take advantage of individualized solution specifically tailored to your unique design project. De-Zine International Consulting will hire and manage all construction trades, subcontractors, inspectors, permits and suppliers. We will remain your point of contact throughout your project.

COST EFFECTIVE SOLUTIONS

Our construction management consultants possess the construction experience to provide real world, cost effective solutions to the everyday challenges that owners, contractors, and architects face throughout the construction process.

RENOVATE OR REPURPOSE YOUR SPACE

De-Zine International Consulting delivers complete solutions, from planning and design to construction, renovation and expert finishing. We help keep your commercial space fully functional and looking great for your customers, allowing you to focus on your business without distraction.

MISSION STATEMENT

We expect to develop an ongoing relationship with every customer while building a high degree of trust through our services. We will manage each project as if it was our own. Our management style is focused on a "no excuse" standard of execution and consistent follow through to closure. We will maintain the highest standards of quality and accountability. Projects will be completed on time to ensure a smooth turnover for set up and training without construction interference. We succeed when our clients succeed!

Our team of dedicated staff are committed to exceeding our client's expectations by utilizing diverse and effective design and management solutions driven by creativity, quality, speed and value.

We frequently provide a one stop shop and manage and coordinate all other elements of the coordination, project management as well the design and construction. This takes the load off the client and reduces the hassles.

Our services are flexible and can be tuned to our client's requirements to match the exact needs of the project.

BRINGING YOUR DESIGNS TO LIFE
